Emergency #: _____

All pets boarding must be current & documented on all WAH required vaccinations (dogs: Distemper, adenovirus, corona, parvovirus, bordatella/parainfluenza, and rabies. Cats: Feline upper respiratory viruses and rabies.) Pets must also be free from all endo and ecto parasites; any updates to vaccines or parasite treatment will be at the owner's expense.

If medications are necessary for treatment or handling, I give my permission to administer such medications at the owner's expense. Prescription meds that are brought from home may be subject to an administration charge.

ELC dogs are to be walked outside 3 times daily. Even though proper precautions are in place, there is the possibility of escape. Cats play in the “Play Room”.

All pets are released during regular business hours only. For pets that are to be bathed, please plan on picking up your pet after 3:00 p.m. so we may have your pet dry & brushed out for you.

WAH will use all reasonable precaution against injury, or escape of the pet while boarding. The hospital and staff will not be held liable for any problems that develop when reasonable care and precautions are followed.

Thank you for allowing us to take care of your pet!!
